Indeed it is a great & glorious moment of **Hello** indeed! And we say HELLO to you from the Violet Emanation of the Divine Crystalline energies that are now & have All-ways been present!

The Blue Jewel of the Heart: The Manifest Action of Divine Service

Yes, indeed it is a great moment of Divine Violet *extraordinary* connection and yet with this violet extraordinary connection is the Divine Jewel of the Heart. The Blue Jewel of the Heart from which you are most familiar indeed is here and present for all!

Beloved ones, it is your moment of Divine Service as the manifest action of all miracle activity.

So many say, “it is linear time!”..and we say “if you wish it to be”!

And in linear time, in your linear component of year now 2 0 1 1, it is indeed the year of Divine Service.

The year of Divine Service In Action as the foundation of all miracles manifest in preparation for the glorious culmination of the cycle that is shifting, that is bringing about the next cycle that will begin soon.

A mouthful indeed, is it not?

Beloved ones, it is your moment of Divine Service as the manifest action of all miracle activity.

And in linear time, in your linear component of year now 2 0 1 1, it is indeed the year of Divine Service. . The year of Divine Service in Action as the foundation of all miracles...

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Breathe beloved ones. Breathe beloved ones. Breathe beloved ones.

Beloved angels of Light...Beloved angels of Light...of Love...of Joy...of Blessings...of Upliftment...of Divine Service in Action! Divine Service in Action! What does this mean? And why would you need to spend 12 what you would call months in a time of energy that can be indeed brought together as the Divine Service in Action?

Divine Service In Action: Twelve

12 is the Union of You, Your Divine Soul, Your Divine Vessel

Let us first begin, if we may, with the numeric or the numeral 12. 12! 12!

We first wish to break this down for thee, because the 1 is indeed a powerful remembrance, is it not?

A powerful remembrance to be 1, to be in 1-ness. And, alongside the 1 in the mastery of a 12 is a 2, the one-ness and the union of 2. In the full recognition of the union of 2, it is imperative indeed...*IMPERATIVE INDEED*, that all are in the Divine memory that the union of 2 is YOU and YOU....You and YOU!

Your Divine Soul, your divine vessel is a 1 and a 1 as a 2...**and in the 1 of ONE-ness and the TWO of union becomes a great and glorious recognition that mastery is already attained through the full unification of all energies without limit.**

...in the 1 of ONE-ness and the TWO of union becomes a great and glorious recognition that mastery is already attained through the full unification of all energies without limit

Because when you take the 1 and you add the 2, you begin to enter into the energy of Trinity Form.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

And in the energy of Trinity Form...in the 3 becomes the full recognition of cosmic principle... the earth principle...and what we will simply term as Soul Principle.

You see beloved ones, in your world of current explanation of linear time, you have what you know as 12 months. Twelve months to practice this. Twelve months to offer service through this, **it is indeed a moment of Divine Service in Action.**

Divine Service In Action becomes the trinity energy birthed through the union of the 2 and the recognition of the *One-ness*. And this is why we offer it to you now. Indeed, in this glorious moment Beloved angels of *great light*, ***it does not matter when you see this... when you hear this...when you read this...when you understand this, because that is when your 12 begins.***

Perhaps for you it is 12 days. Perhaps for you it is 12 hours! Perhaps for some it is 12 seconds. Perhaps for others it 12 weeks, 12 months, 12 *years!* Indeed! Each being has this energy within and has *had* this energy within and as each being has this energy within, you step into this 12.

it does not matter when you see this... when you hear this...when you read this...when you understand this, because that is when your 12 begins.

The Eleven Expansion: The Mirror of Divine Harmony

We next wish to offer to you 11. Indeed, 12...11. **In the 11 you see again the 1 and the 1 as a union, each reflecting the other - the mirror of the divine harmony - the mirror of the divine energy.**

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

This is a great year of *mirrored* energy, *EXPANSION* energy! Oh my goodness, **expansion!!** Imagine putting something in a mirror and then you see many other mirrors appear, do you not? Based on how you put it into a mirror, you can see infinite mirrors...and the mind says "*Oh my goodness, where did all those mirrors come from!?*" They came from within you! **You are the mirror!** You are the giant mirror!! This is the ***giant mirror year!*** Hoho, how funny is that?

To be in the year of great mirrored energy simply means that whatever you establish, whatever you focus upon with great commitment, whatever you bring your energy - your heart and your love to will be mirrored back to you *infinitely*.

Can you even imagine that?

Bring your heart to a project, bring your love to service, put it in action for this is the year of Divine Service in Action!

It is not a year of Divine Service in thought perception or lots of talking in little circles and being in conversations or conferences, or they will mirror back to you! You will have many little conferences – that will be the action! It is Divine Service in Action!

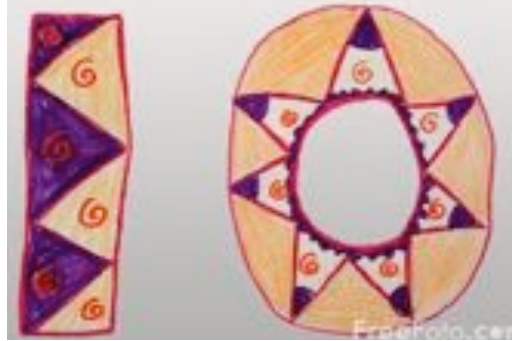

And as you bring this Divine Service through an ignited Blue Jewel of the Heart...the *ignited* Blue Jewel of the Heart. We say this again - ***the ignited Blue Jewel of the Heart!*** Bring this service through the *ignited* Blue Jewel of the Heart and you will find *infinite* mirrors reflecting back to you.... your loving service infinitely expanding.... ***INFINITELY EXPANDING!***

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

TEN: Infinite Expansion

Woohoo, this is such a fun year, is it not!? And in the 11...12...11... in the 1 and the 1 is the infinite expansion of *One-ness!* One mirror reflecting another mirror, reflecting another mirror! 1...1... *INFINITE* Expansion. Which brings us to 10. Ten.

***In the energy of 10 is once again the oneness next to the infinite potential of ALL.
(Zero) 0 is not the absence of energy, it is the container that creates energy.***

In your void, in your creationary principle, what will you bring forward? Bring forward to yourself in the energy of 10, the power of all activity.

To harness the power of all activity as the 1 in the infinite energy of creation, is to recognize that there is great power that can move through you in truly a 10-fold fashion.

How many fingers do you have? Good answer! I hope you said 10 and if you said less than 10 because you have less than 10, know that in the design of your body *IS* 10! Perhaps you might have ten toes. YES? Perhaps you may have 10 fingers. Yes? Do you find it an accident that you have the creation of the infinite sitting right in front of you at all times?? What can your hands create?

***Make the sign of infinite creation with your hands.
This is not a zero, it is literally the power harnessed of all energy.***

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Carry forth and birth within you the violet energy of the flame of divine creation. Hold the hands greatly up, keep the spine straight, focus deeply and feel this energy pulsing through you as if it is a cosmic beam of divine protection. Hold your co-creative energies and feel them birth through this container and expand out into a world that is ready to mirror this back to you a thousand- fold and beyond.

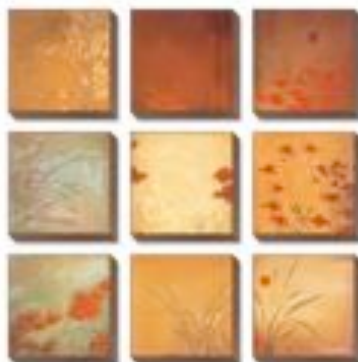

Do you feel the infinite expansion of the power of 10? It is right here for you Beloved ones -- 10 fingers, 10 toes. What will you do with these hands? Many of you already know how to create miracles.

The power of the manifest miracle energy that we have offered to thee will have greater presence and greater aptitude in this linear time on your planet than it is has ever had before!!!

Nine: The Expanded Being of Divine Light

And this brings us to the 9. The 9. What is 9? What is 9? What is 9? Nine is an infinite energy that surrounds you at all times that invites you to remember that you are a Trinity times a Trinity. YOU ARE the 3 times the 3.

You do not ever stand alone. You are always being supported.

You are always carrying loving joy and presence with you.

YOU ARE the infinite energy of the Trinity times a trinity.

When you allow yourself to be a trinity times a trinity times a trinity, then you are able to be an expanded being of Divine Light all-ways.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

And of course, as you understand these energies more, you open up the gateway to 8.

Eight: The Gateway to the Archangelic Realm

The gateway to Eight is where you find us Beloved ones.
Those in a realm that you call Archangelic .
We sit here with thee. We sit here for thee.

*We invite thee to spin the 8 into infinite pools of infinite light.
Carry these pools of infinite light into your heart center.*

Feel them spin into beautiful flowers, lotuses as they may be; and to allow these spinning lotuses to rest upon the infinite energy of the 10 as you celebrate the 11, in recognition of the 12.

Seven: In Harmony

To be in a harmony of 7, to recognize the harmony of 7, is to allow thyself the opportunity to simply rest in the recognition that you are a master.

The 12... the 11... the 10... the 9... the 8... brings us to the 7.
And you may say, "Zadkiel, why are you counting down?"
We say, "Because your earth timeline is counting down."

You are at the moment of Divine Reunion, which is the moment of great cycles. To be in a harmony of 7, to recognize the harmony of 7 is to allow thyself the opportunity to simply rest in the recognition that you are a master.

Can you simply rest in the recognition that you are a master? To do this, you *must* release the judgmental energies of "What is a master?" -- a mind perception of mastery.

If you are indeed in the harmony as a being of love living in the energy of Divine Service in Action as the foundation of all miracles, then this energy can only be claimed as you claim your mastery.

Claim your mastery beloved ones. Claim your mastery as the foundation of all that you are and all that you've ever been.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

SIX: The Merkabah Energy

This brings us to 6. 12...11...10...9...8...7...6. What is 6? Six is the middle trinity. It is the Merkabah energy. It is the Trinity intertwined with the Trinity. It is a point of demarcation that brings the masculine, the feminine, the earth, the sky, the up, the down, the dark, the light, into its own space-time continuum.

If you work with this, if you understand your own Divine Merkabah is staring at you each time you gaze at a mirror – a top point here (hand at top-middle point on forehead at the hairline), a bottom point here (hand on the thymus/ throat), a linear point here (hand at brow-line), a linear point here (hand on mouth).

If you understand that you have called in your own Divine Merkabah, of your own divine face, in the shape, form and experience of your life on this planet, then you will understand this integration - this balance point. To keep this balance point working is indeed most profoundly important at this moment in what you call your history.

***The Merkabah must spin and yet it must spin in the Individu-will
and the divine sacred geometric form that is yours to be.***

FIVE: Star of Metatron

5...5...5. In the power of Five, you find the Star of Metatron. And in the Star of Metatron and the power of 5, or as many have called pentagram in your world, you find many cosmic connections that overlay within thee.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

These cosmic connections spin rapidly and offer you great ignition as a being of Light in Divine Service in Action. It does not judge, this energy, it simply flows *with* this energy. And as you ignite this energy, the 12...11...10...9...8...7...6...5. It brings us to 4. 4...4...4.

Four: The Power of Perfect Balance

To understand the power and the energy of 4 is to allow your heart to stretch into all directions. . . . And staying within the still center of the 4, you will find the Infinite again.

The energy of 4 is the energy that is before you now than calls you to action. To understand the power and the energy of 4 is to allow your heart to stretch into all directions. For many, they call this the north...the south...the east...the west. You may call it the earth. You may call it the sky. You may call it the wise. You may call it many different things, but into all four directions is the sacred component of all energy. All action, all service, automatically finds a still center.

This still center is within the power of the 4 directions when all is recognized and none is placed above another. It is the power of perfect balance, the cross of balance....up, down, left, right - up, down, left, right - a perfect balance of harmony. And staying within the still center of the four, you will find the Infinite again.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Three: The Trinity of Origination

Which brings us to 3 – the Perfect Trinity. The Trinity of Origination, as we wish to offer it for you to understand today. And in this Trinity of Origination, there is much to share as there is much to share with each of these.

For we shall indeed offer to you all of the deeper information of all of these numbers throughout what you call the next linear months. This is the month of 12 counting down to 11...counting down to 9... and 8... and 7... And however you wish to count, we shall be there.

For as these numbers count, we are bringing you closer to the next turn of the cycles.

And each linear time that you spend, if you take your 3 and you put a 0 on an end of it – the creationary cycle - it equals the one what you call calendar month, the average number of days in your calendar month which we invite thee to spend focusing upon the Trinity and the Zero.

The Trinity and the Infinite.

Each calendar, each series of days focused upon the energy 12 or 11 or 10 and we shall offer thee great, diving, let us say, of each of these energies will offer to thee a greater understanding of the mirror reflecting the mirror –
the Divine Service in Action as the foundation of all manifest miracles.

Two: The Soul in Harmony With Itself

*Because when Two or more are gathered,
ALL miracles appear and the temple is ALWAYS built.¹*

¹ This is a direct reference to the teachings of the Lost Books of the Essene

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

And here we are again at 2 are we not? Yes we ARE! And when we gaze again at the Two.

It is the primary foundational representative of the soul in harmony with the self, known as the physical vessel of this world. And yet it is much more than that beloved ones. Because, when 2 or more are gathered, ALL miracles appear and the temple is ALWAYS built.

And within this gift, within this temple, within this harmony, you will find, you will discover, that your world now is asking for many temples to ignite.

The temple of the soul is a storehouse of the information that is preparing itself to expand infinitely.

Your beloved world...your beloved humanity...is here asking, saying "where do we go next?"
The question is really, "where do I go next?"

For it is the collective moment as we arrive at One again. It is the collective One that can understand the Two... that can harmonize the Three...that can find the center of the Four...that can spin the Five...that can unify the Six...that can be present with the Seven...that can fly with the eight...that can join the Nine... that can celebrate the Ten....that creates the Eleven....and that becomes the Twelve.

To remember to ignite, to be, to see, to fly and to understand beyond the concept of the mind is to fully ignite.

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

To count down is to count up. To remember to ignite, to be, to see, to fly and to understand beyond the concept of the mind is to fully ignite.

***What do you wish to do?
What do you wish to be?***

***For the answers that you seek, are not outside of your own divine recognition.
The answers that you seek come in the form that you are ready to accept.***

And if you are only ready to accept them outside of yourself, then there are many who can help tell you what you should believe, are there not? So it is a good world to be in! And if you are ready to accept from within thyself, then there are many who have held presence waiting to be with thee as you claim this ignition again.

The limitless potential of all that you are has been harnessed in a way that has not ever been in the surface linear expression of this planet in all of the times since the formation of the humanity experience that you are in now.

Are you ready to know that ALL will be your mirror?

Beloved ones, create....birth...ignite...be!

The limitless potential of all that you are has been harnessed in a way that has not ever been in the surface linear expression of this planet in all of the times since the formation of the humanity experience that you are in now.

What is in your center of creation?

What are you bringing forward?

What would you like it to look like?

How can you ignite your Divine Service in Action?

Are you ready to know that ALL will be your mirror?

That as you give, your mirror will return. **That as you give, your mirror will return.**

SRI & KIRA

THE MIRACLE OF SERVICE SERIES : 12 STEPS TO ASCENSION

Stay centered in your heart, stay centered in your truth, stay centered in your passion and you will discover a great co-creative force magnifying through you igniting you in ways that have not ignited you before.

12...11...10...9...8...7...6...5...4...3...2...1

it is simply now your time to remember *how* to be ready.
